YOUNGSTOWN HAS A GOOD WAY OF GETTING RID OF GARBAGE

Sanitary Officers Will Recommend This City to Follow Its Example.

NO NAUSEATING ODORS

Arise From the Furnace, Which Attempts to Dispose of Garbage Only.

CLAIMANTS OFFER TO SETTLE

Upon Payment of \$35,000,000, But Indignantly Reject a Tender of \$19,000—Many Parties in Eastern Ohio Are Interested.

Health Officer Ogden and Sanitary Officer Burgess returned last evening from Youngstown, where they inspected the garbage furnace in that city. They will make a report to the board of health, which will meet on Friday of next week.

The gentlemen will without doubt recommend to the board to urge the city council to provide East Liverpool with a furnace such as the one in Youngstown. After a thorough inspection of the plant they pronounced it a complete success. In fact, both were much surprised at what they saw. In speaking of the plant this morning Mr. Burgess said:

"I have read about and heard all kinds of talk about garbage furnaces, but the one at Youngstown certainly goes far ahead of anything of the kind in this part of the country. Dr. Ogden and myself looked carefully into every detail of the plant and to say it is a model of perfection is expressing only what we truly believe."

Mr. Burgess says the furnace is located in an important section of the city, but there are no complaints of any kind made against it. He positively declares there is not the least odor perceptible in the vicinity and that the refuse of the entire city is cremated as fast as it can be brought in. The furnace is confined to the use of garbage alone, however, and night soil is barred. It was not built for the disposition of night soil, and the man in charge said that no furnace has ever been built that will successfully burn it.

The city owns the plant and it is operated by one man, who draws a salary of \$65 per month. The garbage is collected by a company which is granted the right to do so, and instead of being dumped from barrels, boxes, etc., into wagons, it is collected in closed cans. When one can is taken onto the wagon, another is left to be refilled, and hence, at no time is the city exposed to the stench arising from the stuff. At the furnace it is dumped from the cans into air tight vats and then run into the fire.

Coal is used instead of gas and in one year's time only three carloads of the fuel were used. The cost of building the furnace was \$12,300. The only revenue the city receives is from the ashes, which are sold for fertilizer. The citizens are privileged to haul their own offal to the plant but must keep it in closed cans. The teamsters who regularly collect the stuff charge each customer 50 cents per month. The furnace is considerably larger than the one formerly in use in East Liverpool, but it has at no time been tested to its full capacity.

The cost of the furnace will doubtless cause the council of this city to do considerable figuring before they decide to purchase one like it. The claim is made by the owners of the plant recently abolished that if night soil is not dumped there the garbage can be easily burned. It is also claimed that the stench will thus be obliterated. Sanitary Officer Burgess makes the same claim, and it is the opinion of many citizens that before going to the expense of building a new furnace the council should allow the old one to be given a trial on garbage alone.

Almost every complaint that was made to the board of health was because of the stench arising from the night soil, and with this left out, there will be nothing to antagonize the most sensitive nostrils.

BENNETT-THOMAS

Popular Young Couple, Married in the East End, Will Live at New Brighton.

B. A. Thomas and Miss Mary G. Bennett, of New Brighton, were mar-

ried last night at the home of the bride's sister, Mrs. Frank Mills, St. George street at 8 o'clock, the ceremony being performed by Rev. N. M. Crowe. There were about 20 couples present and a very elaborate supper was served. Henry Conrad and Miss Amanda Cook, of New Brighton, stood up with the young couple.

The following out of town guests were present: Mr. and Mrs. W. H. Bennett, parents of the groom; Mr. and Mrs. Harvey Bennett, New Brighton, and Mr. and Mrs. Samuel Rambo, Calcutta.

The contracting parties are well and favorably known in this section and have a large circle of friends.

After a trip through the east they will go to housekeeping at New Brighton. The wedding march was very beautifully rendered by Mrs. M. Farrah.

MAY LOSE AN EYE

EARL SIMMS PAINFULLY INJURED BY A FALL.

Went Head Long Over a Bank And His Eye Was Filled With Sand.

Earl Simms, residing on the hill, met with an accident last evening which may result in the loss of the sight of his right eye.

The young man was running and, losing his balance, fell over a bank, alighting upon the side of his head. The ground was sandy and the eye was completely filled with the stuff.

Simms was so stunned by the fall that it was necessary to assist him to rise. He was taken to his home nearby, where an attempt was made to remove the sand by bathing the eye. It was not successful and a physician was summoned. The wound was dressed and the young man made as comfortable as possible. It is impossible to tell how badly the right eye is affected, as it could not be opened. It may be that he will lose the sight of that optic. The wound is a very painful one.

THIEVES AT CONGO

Three Residents of That Village Robbed of Estates Last Night.

Sneak thieves appeared in Congo last night and three residents of that town are minus a large quantity of estates. Morgan Hamilton's and James Hood's houses were entered and this morning they were short of butter, eggs, hams and flour. The orchard of Miss Belle Hamilton was relieved of a quantity of peaches.

Not being able to carry all the stuff the thieves took a john boat belonging to Attorney Ingram loaded the stuff in, and made their escape. There is no clue.

MISERABLE WORK OF HOME PLAYERS

Allowed Painesville to Give Them the Worst Trouncing of the Season.

SPECTATORS DISGUSTED

Many of Them Begged to Be Chloroformed, While Others Escaped. McNicol, Rising and Davis Gave Some "Clever" Exhibitions.

In the first of a series of three games the Painesville team gave East Liverpool the most complete trouncing they have received this season. The game throughout was a walk-away for the visitors and the locals weren't in it at any stage.

McShane was in the pitcher's box for the home team, and though he was touched up for 13 hits, he was not responsible for the shameful drubbing sustained. Glaring errors were made with such regularity that the Painesville players didn't seem to consider that they had any opposition.

Before the game was half finished the spectators were thoroughly disgusted, and when the umpire called it in the eighth inning a sigh of relief went upward from all sides. To a person that did not witness the contest it would be difficult to tell how rank some of the playing was. The trouble was in the infield and the outfielders were kept busy running down the ball after it had passed the basemen and shortstop.

The routers found solace in the remark that East Liverpool was having an "off day." This was certainly correct, but seldom, indeed, does any team have an off day that is so far off. McNicol, at second, played one of the worst games ever seen on the grounds. It was suggested that he be provided with grab hooks or a pitch fork, but it is not believed that he could even then have stopped the liners that got past him.

Rising did his share of bad playing and Davis also had several chances to demonstrate his error-making ability. McShane became disgusted early in the game, but did not lose his nerve. With 11 "punk" errors, which is the number the home team made, it is no wonder they were beaten so badly.

Lucas pitched a good game for Painesville. The locals were unable to bunch their hits and were lucky to even score one run. Godwin was not in the game and Rising took his place at short. Barker played in left field. Emmerling had his turn at error making, but he nevertheless did some sensational work behind the bat and received the plaudits of the spectators at several different times.

After the first inning the home boys lost their nerve and then the "jig was up." The game today will doubtless be an improvement over that of yesterday, but if it isn't Manager Walsh should transfer it from the West End grounds over to the garbage dump.

The score follows:

DATES FIXED FOR MEETINGS

Farmers' Institutes to Be Held in This Vicinity During the Season.

THREE COLUMBIANA TOWNS

For Which These Gatherings Are Scheduled—Democratic Campaign Opening Date—Effort to Save a Steubenville Man From Prison.

From a Staff Correspondent.

Columbus, Sept. 27.—It has been definitely settled that the Democratic opening shall take place at Bucyrus on Wednesday, October 23. This conclusion was reached yesterday. A meeting will be held in the afternoon and another in the evening. The original plan called for but one meeting, but as there will be two meetings it will be necessary to add to the list of speakers, and Congressman J. A. Norton, of Tiffin, and Hon. John C. Welty, of Canton, may be invited. The other speakers will be Colonel Kilbourne, Hon. Anthony Howells, C. W. Baker, of Cincinnati, and probably Tom L. Johnson.

The state board of agriculture has approved the report of the farmers' institute committee on the institutes to be held in the counties of the state during the season of 1901-1902. These institutes are held under the management of the board. The places for the institutes were selected by the committee, but the dates for the same were left open and will be arranged by Secretary Miller, of the state board.

Four institutes will be held in Stark county at Alliance, Marlboro, New Berlin and Massillon. In Columbiana county Lisbon, Damascus and East Fairfield are the places selected; Jefferson county, Richmond, Smithfield and Mt. Pleasant; Carroll county, Carrollton; Harrison county, Freeport and Cadiz; Mahoning county, Canfield, Berlin Centre, North Lima and North Jackson. The appointment of a large force of lecturers is recommended by the committee, many of whom are from the eastern part of the state. Secretary Miller will complete the assignment of speakers and dates within a month.

Attorney Henry Gregg, of Steubenville, yesterday argued a motion in supreme court for leave to file a petition in error in the case of William Horner against the state. Horner was convicted of killing his wife and was given a life sentence. The crime was committed in Steubenville. Horner desires the verdict to be set aside.

Captain Elliot L. Gyger, of Alliance, son of Adjutant General Gyger, has been appointed commissary of the Eighth regiment to succeed Captain M. A. Fisher, of Canton, who has been made commissary of the second brigade of the Ohio National Guard. Captain Gyger commanded Company K, Eighth regiment, Alliance, during the Spanish war.

Deputy Examiner Miller, of Canton, wired Chief Collier, of the stationary engineers' board, yesterday afternoon that he had caused the arrest of an engineer at Mansfield who had been working without a license. The man was notified several times to appear for examination.

The United Presbyterian church, of Salineville, has been incorporated by H. A. Thompson, William A. Thompson, P. S. Hart, S. A. Hart, John Meredith and W. A. Lindsay.

BITTEN BY A BULLDOG

Daughter of Infirmary Director Tarr Attacked by a Vicious Brute.

Lisbon, Sept. 27.—(Special)—A vicious bull dog attacked Marie, the little child of Infirmary Director Tarr, yesterday and bit her several times about the face. The bull dog was fighting another dog and the girl happened to be near. The fight ended and the dog then attacked the child.

A LISBON HORSE WON

Against a Field of Five at Canfield. Salem Man in a Mixup.

Lisbon, Sept. 27.—(Special)—Black Beaver, the 1,400 pound black trotter

COLUMBIANA COUNTY HEIRS CLAIM PART OF \$100,000,000

owned by P. A. Walter, of Lisbon, won the 2:30 trot at the Canfield fair yesterday in three straight heats against a field of five.

C. H. Sharpnack, of Salem, driving J. M. S., was in a serious mixup during the first heat of the 2:45 pace. His sulky was broken into fragments by being run into, but both driver and horse escaped injury and finished the race in a road cart.

Marriage License.

Lisbon, Sept. 27.—(Special)—Geo. E. Mowen and Nellie D. Hickox, both of Columbiana, have been licensed to marry.

HOLDS IT ILLEGAL

JUDGE SMITH'S OPINION ON DRY RUN FILL CONTRACT.

Tells the Contractor He Must Look to Councilmen And Not to City for Pay.

Thomas McLaughlin, the contractor, to whom was let the work by the city council of making the fills at the Dry Run bridge, sought advice from ex-Judge P. M. Smith, of Wellsville. The judge informed McLaughlin that he could not compel the city to pay him, but that he could force the individual members of council to do so.

Regarding the legality of the contract Judge Smith told McLaughlin the very same thing that Solicitor Gaston told the city council. He said the county commissioners were compelled to make all bridge fills and that the city had nothing to do with the matter. He assured McLaughlin, however, that he could easily get his money from the members of council.

It may be that a special meeting will be called to rescind the action of council.

VETERANS' REUNION

The Gathering of Members of the 104th at Clarkson a Success.

The reunion of the survivors of Company C, One Hundred and Fourth regiment, O. V. I., held in the Presbyterian church, Clarkson, yesterday was a very successful affair. The attendance was unusually large and the meeting was thoroughly enjoyed.

The business session was held at the church, while the banquet tables were spread and a sumptuous dinner and supper was served by the ladies of the village.

The meeting was opened with an address of welcome delivered by Rev. Mr. McCombs, pastor of the church, which was responded to in a fitting manner by Dr. J. C. Taggart. Addresses were also made by Captain S. F. Cope, of Wellsville; J. N. Rose, N. A. Frederick, Henry Abrams, of this city, and D. J. Smith, of Mt. Pisgah.

The election of officers resulted as follows: President, Marion Louthan; secretary, Harry Gaston, East Liverpool; treasurer, Harry Owen, Clarkson.

One of the most pleasant features of the meeting, and one which was appreciated and enjoyed by the old veterans, was the excellent music rendered by the choir of the Presbyterian church.

The company will likely meet in Wellsville next year.

FAMOUS COW CASE

Appealed From a Lisbon Justice to the Court of Common Pleas.

Lisbon, Sept. 27.—(Special)—The case of Gus Blank against George Rupp, both living near Lisbon, which was tried recently before J. M. Dicklason, here, has been appealed to common pleas court.

Blank sued Rupp for \$70 alleged to be due on a note given for a cow. Rupp had the cow killed, believing it had tuberculosis. His baby which had drunk the cow's milk was sick and died later. The justice gave Blank a judgment for \$12 and he appealed.

NEW MANAGER

Frank Baldwin, of Cleveland, to Take Charge of Lisbon Tin Mill.

Lisbon, Sept. 27.—(Special)—Frank Baldwin, of Cleveland, has been appointed by the American Tin Plate company as manager of the tin mill at Lisbon to succeed Geo. D. Evans.

Mr. Baldwin arrived here last night and will take charge of the plant October 1.

At Pottsville, Pa., Against Valuable Coal Properties in That Vicinity.

THE COST OF SUCH A PLANT

Sufficient to Make the City Council Hesitate—Officer Burgess Thinks the Old Plant Here Could Still Be Made Serviceable.

Salem, Sept. 27.—(Special)—A suit involving a claim for the sum of \$100,000,000, in which a Salem man is interested, was filed in the court at Pottsville, Pa., a few days ago. The suit is that of the Moser heirs against the Lehigh Coal & Navigation company and involves valuable coal lands in the Tamaqua and Panther valleys in Eastern Pennsylvania, that the defendant company has in its possession.

The plaintiffs value the lands at \$100,000,000, but have offered to settle upon the payment of \$35,000,000. The defendants have offered \$19,000 in settlement, which the plaintiffs decline with thanks.

The Salem man who is one of the heirs is Henry Kelley. He is one of 200 or more heirs. James Kelley, of Canfield, a brother of Henry Kelley, is at Pottsville looking after their interests and has engaged counsel to fight the case. Other heirs live at Youngstown, Warren, Columbiana and Berlin Center.

Health Officer Ogden and Sanitary Officer Burgess returned last evening from Youngstown, where they inspected the garbage furnace in that city. They will make a report to the board of health, which will meet on Friday of next week.

The gentlemen will without doubt recommend to the board to urge the city council to provide East Liverpool with a furnace such as the one in Youngstown. For Which These Gatherings Are Scheduled—Democratic Campaign Opening Date—Effort to Save a Steubenville Man From Prison.

From a Staff Correspondent.

Columbus, Sept. 27.—It has been definitely settled that the Democratic opening shall take place at Bucyrus on Wednesday, October 23. This conclusion was reached yesterday. A meeting will be held in the afternoon and another in the evening. The original plan called for but one meeting, but as there will be two meetings it will be necessary to add to the list of speakers, and Congressman J. A. Norton, of Tiffin, and Hon. John C. Welty, of Canton, may be invited. The other speakers will be Colonel Kilbourne, Hon. Anthony Howells, C. W. Baker, of Cincinnati, and probably Tom L. Johnson.

The state board of agriculture has approved the report of the farmers' institute committee on the institutes to be held in the counties of the state during the season of 1901-1902. These institutes are held under the management of the board. The places for the institutes were selected by the committee, but the dates for the same were left open and will be arranged by Secretary Miller, of the state board.

Four institutes will be held in Stark county at Alliance, Marlboro, New Berlin and Massillon. In Columbiana county Lisbon, Damascus and East Fairfield are the places selected; Jefferson county, Richmond, Smithfield and Mt. Pleasant; Carroll county, Carrollton; Harrison county, Freeport and Cadiz; Mahoning county, Canfield, Berlin Centre, North Lima and North Jackson. The appointment of a large force of lecturers is recommended by the committee, many of whom are from the eastern part of the state. Secretary Miller will complete the assignment of speakers and dates within a month.

Attorney Henry Gregg, of Steubenville, yesterday argued a motion in supreme court for leave to file a petition in error in the case of William Horner against the state. Horner was convicted of killing his wife and was given a life sentence. The crime was committed in Steubenville. Horner desires the verdict to be set aside.

Captain Elliot L. Gyger, of Alliance, son of Adjutant General Gyger, has been appointed commissary of the Eighth regiment to succeed Captain M. A. Fisher, of Canton, who has been made commissary of the second brigade of the Ohio National Guard. Captain Gyger commanded Company K, Eighth regiment, Alliance, during the Spanish war.

Deputy Examiner Miller, of Canton, wired Chief Collier, of the stationary engineers' board, yesterday afternoon that he had caused the arrest of an engineer at Mansfield who had been working without a license. The man was notified several times to appear for examination.

The United Presbyterian church, of Sallineville, has been incorporated by H. A. Thompson, William A. Thompson, P. S. Hart, S. A. Hart, John Meredith and W. A. Lindsay.

BITTEN BY A BULLDOG

Daughter of Infirmary Director Tarr Attacked By a Vicious Brute.

Lisbon, Sept. 27.—(Special)—A vicious bull dog attacked Marie, the little child of Infirmary Director Tarr, yesterday and bit her several times about the face. The bull dog was fighting another dog and the girl happened to be near. The fight ended and the dog then attacked the child.

A LISBON HORSE WON

Against a Field of Five at Canfield. Salem Man in a Mixup.

Lisbon, Sept. 27.—(Special)—Black Beaver, the 1,400 pound black trotter

COLUMBIANA COUNTY HEIRS CLAIM PART OF \$100,000,000

owned by P. A. Walter, of Lisbon, won the 2:30 trot at the Canfield fair yesterday in three straight heats against a field of five.

C. H. Sharpnack, of Salem, driving J. M. S., was in a serious mixup during the first heat of the 2:45 pace. His sulky was broken into fragments by being run into, but both driver and horse escaped injury and finished the race in a road cart.

Marriage License.

Lisbon, Sept. 27.—(Special)—Geo. E. Mowen and Nellie D. Hickox, both of Columbiana, have been licensed to marry.

HOLDS IT ILLEGAL

JUDGE SMITH'S OPINION ON DRY RUN FILL CONTRACT.

Tells the Contractor He Must Look to Councilmen And Not to City for Pay.

Thomas McLaughlin, the contractor, to whom was let the work by the city council of making the fills at the Dry Run bridge, sought advice from ex-Judge P. M. Smith, of Wellsville. The judge informed McLaughlin that he could not compel the city to pay him, but that he could force the individual members of council to do so.

Regarding the legality of the contract Judge Smith told McLaughlin the very same thing that Solicitor Gaston told the city council. He said the county commissioners were compelled to make all bridge fills and that the city had nothing to do with the matter. He assured McLaughlin, however, that he could easily get his money from the members of council.

It may be that a special meeting will be called to rescind the action of council.

VETERANS' REUNION

The Gathering of Members of the 104th at Clarkson a Success.

The reunion of the survivors of Company C, One Hundred and Fourth regiment, O. V. I., held in the Presbyterian church, Clarkson, yesterday was a very successful affair. The attendance was unusually large and the meeting was thoroughly enjoyed.

The business session was held at the church, while the banquet tables were spread and a sumptuous dinner and supper was served by the ladies of the village.

The meeting was opened with an address of welcome delivered by Rev. Mr. McCombs, pastor of the church, which was responded to in a fitting manner by Dr. J. C. Targgart. Addresses were also made by Captain S. F. Cope, of Wellsville; J. N. Rose, N. A. Frederick, Henry Abrams, of this city, and D. J. Smith, of Mt. Pisgah. The election of officers resulted as follows: President, Marion Louthan; secretary, Harry Gaston, East Liverpool; treasurer, Harry Owen, Clarkson.

One of the most pleasant features of the meeting, and one which was appreciated and enjoyed by the old veterans, was the excellent music rendered by the choir of the Presbyterian church.

The company will likely meet in Wellsville next year.

FAMOUS COW CASE

Appealed From a Lisbon Justice to the Court of Common Pleas.

Lisbon, Sept. 27.—(Special)—The case of Gus Blank against George Rupp, both living near Lisbon, which was tried recently before J. M. Dickinson, has been appealed to common pleas court.

Blank sued Rupp for \$20 alleged to be due on a note given for a cow. Rupp had the cow killed, believing it had tuberculosis. His baby which had drunk the cow's milk was sick and died later. The justice gave Blank a judgment for \$12 and he appealed.

NEW MANAGER

Frank Baldwin, of Cleveland, to Take Charge of Lisbon Tin Mill.

Lisbon, Sept. 27.—(Special)—Frank Baldwin, of Cleveland, has been appointed by the American Tin Plate company as manager of the tin mill at Lisbon to succeed Geo. D. Evans.

Mr. Baldwin arrived here last night and will take charge of the plant October 1.

SUIT HAS BEEN ENTERED

At Pottsville, Pa., Against Valuable Coal Properties in That Vicinity.

THE COST OF SUCH A PLANT

Sufficient to Make the City Council Hesitate—Officer Burgess Thinks the Old Plant Here Could Still Be Made Serviceable.

Salem, Sept. 27.—(Special)—A suit involving a claim for the sum of \$100,000,000, in which a Salem man is interested, was filed in the court at Pottsville, Pa., a few days ago. The suit is that of the Moser heirs against the Lehigh Coal & Navigation company and involves valuable coal lands in the Tamaqua and Panther valleys in Eastern Pennsylvania, that the defendant company has in its possession.

The plaintiffs value the lands at \$100,000,000, but have offered to settle upon the payment of \$35,000,000. The defendants have offered \$19,000 in settlement, which the plaintiffs decline with thanks.

The Salem man who is one of the heirs is Henry Kelley. He is one of 200 or more heirs. James Kelley, of Canfield, a brother of Henry Kelley, is at Pottsville looking after their interests and has engaged counsel to fight the case. Other heirs live at Youngstown, Warren, Columbiana and Berlin Center.

NERVE COMPLETELY GONE

Assassin Czolgosz Wept Like a Child on Reaching the Penitentiary.

Auburn, N. Y., Sept. 27.—(Special)—When the assassin Czolgosz reached the penitentiary here this morning, a glance at the gloomy walls and the realization that his life would end here in one brief month was too much for him. He completely lost his nerve, and after being assisted to his cell, broke down and wept like a child.

Czolgosz sent this message to his father today: "Tell him I am sorry I left such a bad name for him."

The flag drill and concert held at Columbian park last night by the choir of the Second M. E. church was very good and was largely attended.

EVENING CLASSES OF THE Y. M. C. A.

A Striking Illustration of the Good

TO MEET AN URGENT NEED

Among the Young Men Instruction
Will Be Given in Various Branches.
An Excellent Way to Get a Proper
Start in Life.

"Two young men came to Cleveland a few years since, from the same town, the same school, the same social circle. They were chums—with an even start in the race for success—so nearly even at least that no appreciable difference appeared.

"Each got a job for a beginner, and commenced to cast about for companionship.

"Number one hit upon the association, entered the gymnasium, two evening classes and joined a literary society. Number two thought there was more for his money in a social club, down near the public square, so he chose that.

"During the first six months there was little difference in their apparent prosperity. The first fellow at the end of the year held his position with the business house where he had started, and got a raise—because he wrote a good hand and knew a little about bookkeeping (learned in the evening classes.) The second fellow had changed places twice and was earning the same as when he started. He lost that eventually, and his friend had to help him over a tight pinch, but it didn't save him.

"Number one is now in charge of an important department of the business in which he began. Number two worked as a deck hand part of last summer on a lake steamer until discharged for drunkenness.

"It was a matter of associations. One man chose the kind that would lift him up, and he will soon be at the top. The other chap went with the crowd that taught him to swear, to drink, to gamble, to loaf, to cheat, to steal and here he is at the bottom."

This is how the prospectus of the Y.

M. C. A. in a neighboring town puts it, and it hits the nail on the head so squarely that it will bear repetition.

The board of directors of the local association realize that there are many young men in East Liverpool who now regret lack of advantage while young.

To meet this need they have instructed the secretary to proceed with the work of arranging for evening classes. The rooms have already been partitioned off, the problems of light and heat are under way, and an educational committee consisting of D. M. Ogilvie, C. T. Hard, Arthur Mountford and Mr. Lancaster will discuss the matter of subjects to be taught, teachers, etc.

It is not considered wise to attempt too much for the first year. Probably but five classes will be formed.

There will certainly be a class in vocal music, with C. L. Phillips for teacher, one in penmanship and spelling and one in elementary arithmetic. Other subjects under discussion are English, freehand drawing, mechanical drawing and the chemistry of color. Whichever two of these receive the most applications will be put on. Literature is now being circulated in the potteries and among the young men, and the decision will be made shortly.

The association has gone to a considerable expense already in arranging the rooms. They will add to this by advertising the classes, furnishing the rooms, hiring teachers and buying text books, but their charges for the lessons will be very moderate, \$2 for each subject (36 lessons.) This will cover the light and heat and part of the expense for teachers.

It is now for the young men to decide what shall be done. The classes will only be limited by the applications. When 15 members shall petition for a subject it will be added, provided a competent teacher can be procured.

The directors hope that a large number of the pottery employees will take advantage of these classes, for after

all, the association is more anxious to reach workmen than any others.

The international committee of the association conducts examinations in the spring and their certificates are accepted by 118 United States colleges. In the Ohio State university three of the teachers are graduates of the Dayton Y. M. C. A. evening schools—got their start there.

To quote from one of our circulars, "It's all in the way you spend the hours between supper and bedtime." Come in to the classes, boys, and we will do the best we can for you.

FLAG WITH A HISTORY

Owned by a New Waterford Man and
Carried by Him Prior
to 1860.

New Waterford, Sept. 27.—Jasper Taylor of New Waterford, is the possessor of a flag with an interesting history. It was purchased by the citizens of that vicinity during the excitement preceding the outbreak of the civil war, in 1860. It was carried by its present owner when he joined the militia, known as the "squirrel hunters," on the occasion of the Morgan raid, and again when the rebel general Kirby Smith made his unsuccessful dash for Cincinnati.

The most interesting feature of the history of the old flag is the fact that it has been carried in three funeral processions in memory of martyred presidents of the United States, first for Lincoln, in 1865, again for Garfield, in 1881, and finally for the murdered McKinley, in 1901. The flag is of heavy silk, but is beginning to give evidence of service.

RELIC OF MORGAN'S RAID

A Scabbard Left by the Rebel Leader
In Possession of a
Gavers Man.

Salem, Sept. 27.—An old relic in the way of a pistol scabbard that was left by Morgan and his raiders with a farmer named John Donaldson near Gavers, was brought to this city the other day and sold to J. W. Patterson, the second hand dealer.

Donaldson said that the time Morgan passed through this section of the country in his desperate attempt to reach the Ohio, they pulled up at his farm house and remained long enough to shoe several horses and when they left the old leather relic was found. It was pretty well worn, but was highly prized by Mr. Donaldson as being something by which to remember the historical event.

BATTLE WITH SNAKES

Salem Men Fought With Reptiles And
the Snakes Were
Conquered.

Salem, Sept. 27.—As Charles D. Smith and a companion were driving a few miles west of the city they espied in the road ahead of them two monster blacksnakes. As they drew nearer it was seen that the snakes were having a fight and were trying to devour each other. One snake was nearly twice the size of the other and was making short work of his opponent.

Mr. Smith, who is no coward, jumped out of his rig and started after the battling reptiles with the intention of dispatching them. He secured a large stone and taking deliberate aim threw the missile. It broke the smaller snake's back, causing it to die in a few seconds. The larger reptile escaped by running into the deep grass near the roadside. The snake which was killed measured 4 feet and 7 inches. Mr. Smith brought the snake to this city and has it on exhibition.

We have a few odds and ends in shoes. Two, three and four pairs of a kind. Good shoes and good styles. We'll sell them very cheap, most of them less than cost. 88-1 R. W. SAMPLE & CO.

Life—Property Loss
\$20,000.

Minerva, Sept. 27.—Fire was discovered in the plant of the Minerva Furniture company at Minerva at 1 o'clock, a. m. The alarm was given by Night Watchman M. A. Smith, who then set about fighting the fire. When others arrived Smith was enveloped in flames and literally burned up before their eyes.

The property loss is about \$20,000, with \$6,500 insurance.

Cholera in India.

People everywhere are acquainted with the remarkable cures of milder forms of bowel complaints effected by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is not generally known, however that this remedy has proved very successful in the treatment of Asiatic Cholera and is now sold and used all over India. Mrs. Sd. L. Hiscocks writing from Clae Road, Byulla, India, says: "I have used a good many bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found it invaluable as a cure as well as a preventive of cholera. So far I have never known it to fail if given in the early stages." For sale by Alvin H. Bulger, druggist.

Salem, Sept. 27.—An old relic in the way of a pistol scabbard that was left by Morgan and his raiders with a farmer named John Donaldson near Gavers, was brought to this city the other day and sold to J. W. Patterson, the second hand dealer.

Donaldson said that the time Morgan passed through this section of the country in his desperate attempt to reach the Ohio, they pulled up at his farm house and remained long enough to shoe several horses and when they left the old leather relic was found. It was pretty well worn, but was highly prized by Mr. Donaldson as being something by which to remember the historical event.

BATTLE WITH SNAKES

Salem Men Fought With Reptiles And the Snakes Were Conquered.

Salem, Sept. 27.—As Charles D. Smith and a companion were driving a few miles west of the city they espied in the road ahead of them two monster blacksnakes. As they drew nearer it was seen that the snakes were having a fight and were trying to devour each other. One snake was nearly twice the size of the other and was making short work of his opponent.

Mr. Smith, who is no coward, jumped out of his rig and started after the battling reptiles with the intention of dispatching them. He secured a large stone and taking deliberate aim threw the missile. It broke the smaller snake's back, causing it to die in a few seconds. The larger reptile escaped by running into the deep grass near the roadside. The snake which was killed measured 4 feet and 7 inches. Mr. Smith brought the snake to this city and has it on exhibition.

We have a few odds and ends in shoes. Two, three and four pairs of a kind. Good shoes and good styles. We'll sell them very cheap, most of them less than cost. 88-1 R. W. SAMPLE & CO.

Minerva, Sept. 27.—Fire was discovered in the plant of the Minerva Furniture company at Minerva at 1 o'clock a. m. The alarm was given by Night Watchman M. A. Smith, who then set about fighting the fire. When others arrived Smith was enveloped in flames and literally burned up before their eyes.

The property loss is about \$20,000, with \$6,500 insurance.

Cholera in India.

People everywhere are acquainted with the remarkable cures of milder forms of bowel complaints effected by the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is not generally known, however, that this remedy has proved very successful in the treatment of Asiatic Cholera and is now sold and used all over India. Mrs. Sd. L. Hisecks writing from Clae Road, Byculla, India, says: "I have used a good many bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found it invaluable as a cure as well as a preventive of cholera. So far I have never known it to fail if given in the early stages." For sale by Alvin H. Bulger, druggist.

Where He Is to Be Electro-
cuted Week Beginning

October 28.

ALONE IN CRIME, HE SAID.

Sentenced to Die, by a Judge at Buf-
falo—Asserted He Never Intended
to Commit Crime Until Couple of
Days Before Its Commission.

Buffalo, Sept. 27.—Sheriff Caldwell and 16 men left about 10:06 with Czolgosz in a special car attached to the rear of the second section of a train on the New York Central. They were to arrive at Auburn early this morning.

Buffalo, Sept. 27.—Leon F. Czolgosz, the assassin of President McKinley, was sentenced to be electrocuted in Auburn state prison during the week beginning Oct. 28, 1901.

Czolgosz was quite calm, but it was evident that his mind was flooded with thoughts of his own distress. His eyes were dilated, making them appear very bright. His cheeks were a pale pink and his outstretched hand trembled. The guards put the handcuffs on his wrists. He looked at one of the officers. There was an expression of the profoundest fear and helplessness in his eyes. He glanced about at the people who crowded together in efforts to get a look at him. The prisoner's eyelids rose and fell tremulously and then he fixed his gaze upon the floor in front of him.

Titus Bade Him Good-Bye.

Judge Titus came over to the prisoner and bade him good-bye. Czolgosz replied very faintly, letting his eye rest upon the man who has been his counsel.

"Good-bye," he said weakly.

Czolgosz was then hurried downstairs and through the "tunnel of sobs" to the jail, where he will remain until removed to Auburn to pay

the penalty for his crime.

At one point the clerk of the court asked: "Have you any legal cause to show now why the sentence of the court should not now be pronounced against you?"

"I cannot hear that," replied the prisoner.

Clerk Fisher repeated his question and Czolgosz replied:

"I'd rather have this gentleman here speak," looking towards District Attorney Penney. "I can hear him better."

Mr. Penney later said to the prisoner:

"Czolgosz, the court wants to know if you have and reason to give why sentence should not be pronounced against you. Have you anything to say to the judge? Say yes or no."

The prisoner did not reply, and Justice White, addressing the prisoner, said:

"In that behalf, what you have a right to say relates explicitly to the subject in hand here at this time and which the law provides, why sentence should not now be pronounced against you, and is defined by the statute."

"The first is that you may claim that you are insane."

"The next is that you have good cause to offer either in arrest of the judgment about to be pronounced against you or for a new trial. These are the grounds specified by the statute in which you have a right to speak at this time, and you are at perfect liberty to do so if you wish."

The prisoner replied:

"I have nothing to say about that."

The court said:

"Are you ready?"

Mr. Penney replied, "Yes."

"Have you anything to say?" asked Justice White.

"Yes," replied the prisoner.

"I think he should be permitted to make a statement in exculpation of his act, if the court please," said Judge Titus.

The court replied: "That will depend upon what his statement is."

Justice White then said:

"Have you (pointing to Judge Titus) anything to say in behalf of the prisoner at this time?"

"I have nothing to say within the definition of what your honor has read," replied the attorney, "but it seems to me in order that the innocent should not suffer by this defendant's crime, the court should permit him to exculpate at least his father, brothers and sisters."

From the court: "Certainly, if that

is the object of any statement he wishes to make, proceed."

Then the prisoner said:

Said He Was Alone Guilty.

"There was no one else but me. No one else told me to do it, and no one did me to do it."

Judge Titus repeated it as follows:

"Owing to the prisoner's feeble voice, he says no one had anything to do with the commission of his crime but himself; that his father and mother and no one else had anything to do with and knew nothing about it."

The prisoner continued:

"I was not told anything about that crime and I never thought anything about murder until a couple of days before I committed the crime."

Judge Titus again repeated as follows:

"He never told anyone about the crime and never intended to commit it until a couple of days before its commission."

Then Justice White passed sentence as follows:

"In taking the life of our beloved president, you committed a crime which shocked and outraged the moral sense of the civilized world. You have confessed the guilt, and after learning all that at this time can be learned from the facts and circumstances of the case, 12 good jurors have pronounced you guilty and have found you guilty of murder in the first degree."

"You have said, according to the testimony of credible witnesses and yourself, that no other person aided or abetted you in the commission of this terrible act. God grant it may be so. The penalty for the crime for which you stand convicted is fixed by this statute, and it now becomes my duty to pronounce this judgment against you."

"The sentence of the court is that in the week beginning Oct. 28, 1901, at the place, in the manner and means prescribed by law, you suffer the punishment of death."

"Remove the prisoner."

FOR MONUMENT TO MCKINLEY.

Articles of Incorporation For Organization Forwarded From Canton to Columbus.

Canton, O., Sept. 27.—Articles of incorporation for an organization having for its object the erection of a suitable monument to the late President McKinley were forwarded to Columbus. The incorporators are members of the executive committee, created under authority of the president's cabinet to direct the Canton funeral arrangements, headed by Mayor J. H. Robertson and Judge William R. Day. The application for incorporation says the name of said corporation shall be:

"The McKinley National Memorial Association. Said corporation shall be located and its principal business transacted in the city of Canton, in Stark county, Ohio."

"The purposes for which said corporation is formed are the erection and maintenance at Canton, O., of a suitable memorial to William McKinley, late president of the United States, and raising the necessary funds for said purposes, and after fully providing for the same, the surplus of such funds, if any, shall be devoted to such memorial as may be provided for the late president, at Washington, D. C."

MRS. MCKINLEY'S CONDITION.

Rixey Said She Was Doing as Well as Any Woman Could, Under Similar Circumstances.

Canton, O., Sept. 27.—"Mrs. McKinley is doing just as well as any woman could under similar circumstances. Her strength is not all that could be desired, but she is doing just as well as could be expected." This was the expression of Dr. Rixey to a query as to the condition of his patient.

The usual morning visit was paid to the cemetery yesterday and the usual country drive was taken yesterday afternoon. Mrs. McKinley usually proposes the cemetery visits, but generally the afternoon drive is suggested by her friends, and her acquiescence is given. The outings continue to be beneficial, prompting sleep and appetite. The weather is especially favorable to the plans that Dr. Rixey has laid out. Mrs. McKinley sees a few intimate friends each day, although she cannot receive all calls.

Secretary Cortelyou was expected this morning, to spend several days attending to personal business of the McKinley family, with which he had been connected.

Steubenville Traction Company Indicted—County Buildings Condemned.

Steubenville, Sept. 27.—Two sensational have been caused by further public information about the return of the grand jury. One was the indictment of the Steubenville Traction company officials and contractors for violation of the Sunday law in putting in a switch on Sunday to avoid an injunction.

The other was in calling the attention of the state board of health to the unsanitary condition of the jail and court house.

READ IN EAST LIVERPOOL

The Renown of the Great Author and Physician, Dr. A. W. Chase, is Accented by East Liverpool People.

It's the words of the people that Dr. A. W. Chase's Nerve Pills have come into such active demand. The announcements for this medicine are not dependent upon the testimony of people so far away that they cannot be authenticated. It's home evidence that convinces because easily substantiated. It's the simple statement of things done and told in the words of the relieved.

Mr. M. Rushton, of 387 West Market street, East Liverpool, Ohio, says: "Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store, cor. Sixth and East Market streets, I was bilious, head felt achy and dull. The effect of the medicine was to regulate the liver, clear the head, give a feeling of strength, energy and new life. This I think justifies a recommendation." Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Then the prisoner said:

Said He Was Alone Guilty.

"There was no one else but me. No one else told me to do it, and no one told me to do it."

Judge Titus repeated it as follows:

"Owing to the prisoner's feeble voice, he says no one had anything to do with the commission of his crime but himself; that his father and brother and no one else had anything to do with and knew nothing about it."

The prisoner continued:

"I was not told anything about that crime and I never thought anything about murder until a couple of days before I committed the crime."

Judge Titus again repeated as follows:

"He never told anyone about the crime and never intended to commit it until a couple of days before its commission."

Then Justice White passed sentence as follows:

"In taking the life of our beloved president, you committed a crime which shocked and outraged the moral sense of the civilized world. You have confessed the guilt, and after learning all that at this time can be learned from the facts and circumstances of the case, 12 good jurors have pronounced you guilty and have found you guilty of murder in the first degree."

"You have said, according to the testimony of credible witnesses and yourself, that no other person aided or abetted you in the commission of this terrible act. God grant it may be so. The penalty for the crime for which you stand convicted is fixed by this statute, and it now becomes my duty to pronounce this judgment against you."

"The sentence of the court is that in the week beginning Oct. 28, 1901, at the place, in the manner and means prescribed by law, you suffer the punishment of death."

GOLDEN WEDDING

Mr. and Mrs. John McKim Celebrated a Happy Event at Their West Virginia Home.

Wellsburg, W. Va., Sept. 27.—The golden wedding of Mr. and Mrs. John McKim was most joyfully celebrated on Wednesday at high noon at the old homestead in Brooke county, which has been noted for half a century. The entire family and about 300 relatives were in attendance.

The happy bridegroom was a son of Captain Thomas and Nancy Atkinson McKim, pioneer residents of West Virginia, and was born at the old Atkinson farm within a short distance of his present home, June 3, 1827. His good wife, Martena Beatty, a native of Leesburg, O., was born November 11, 1833.

Of 10 children who have blessed their union, seven survive and nearly all are settled in homes nearby their parents.

FOR SUNDAY WORK

Steubenville Traction Company Indicted—County Buildings Condemned.

Steubenville, Sept. 27.—Two sensational have been caused by further public information about the return of the grand jury. One was the indictment of the Steubenville Traction company officials and contractors for violation of the Sunday law in putting in a switch on Sunday to avoid an injunction.

The other was in calling the attention of the state board of health to the unsanitary condition of the jail and court house.

READ IN EAST LIVERPOOL

The Renown of the Great Author and Physician, Dr. A. W. Chase, is Accented by East Liverpool People.

It's the words of the people that Dr. A. W. Chase's Nerve Pills have come into such active demand. The announcements for this medicine are not dependent upon the testimony of people so far away that they cannot be authenticated. It's home evidence that convinces because easily substantiated. It's the simple statement of things done and told in the words of the relieved.

Mr. M. Rushton, of 387 West Market street, East Liverpool, Ohio, says: "Before I used Dr. A. W. Chase's Nerve Pills I got at Larkins' drug store, cor. Sixth and East Market streets, I was bilious, head felt achy and dull. The effect of the medicine was to regulate the liver, clear the head, give a feeling of strength, energy and new life. This I think justifies a recommendation." Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers, or Dr. A. W. Chase Medicine company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

FOR MONUMENT TO M'KINLEY.

Articles of Incorporation For Organization Forwarded From Canton to Columbus.

Canton, O., Sept. 27.—Articles of incorporation for an organization having for its object the erection of a suitable monument to the late President McKinley were forwarded to Columbus. The incorporators are members of the executive committee, created under the authority of the president's cabinet to direct the Canton memorial arrangements, headed by Mayor J. H. Robertson and Judge William R. Day. The application for incorporation shall be:

"The McKinley National Memorial Association. Said corporation shall be located and its principal business transacted in the city of Canton, in Stark county, Ohio. The purposes for which said corporation is formed are the erection and maintenance at Canton, O., of a suitable memorial to William McKinley, late president of the United States, and raising the necessary funds for said purposes, and after fully providing for the same, the surplus of such funds, if any, shall be devoted to such memorial as may be provided for the late president, at Washington, D. C."

MRS. M'KINLEY'S CONDITION.

Rixey Said She Was Doing as Well as Any Woman Could, Under Similar Circumstances.

Canton, O., Sept. 27.—"Mrs. McKinley is doing just as well as any woman could under similar circumstances. Her strength is not all that could be desired, but she is doing just as well as could be expected." This was the expression of Dr. Rixey to a query as to the condition of his patient.

The usual morning visit was paid to the cemetery yesterday and the usual country drive was taken yesterday afternoon. Mrs. McKinley usually proposes the cemetery visits, but generally the afternoon drive is suggested by her friends, and her acquiescence is given. The outings continue to be beneficial, prompting sleep and appetite. The weather is especially favorable to the plans that Dr. Rixey has laid out. Mrs. McKinley sees a few intimate friends each day, although she cannot receive all calls.

Secretary Cortelyou was expected this morning to spend several days attending to personal business of the McKinley family, with which he had been connected.

On the subject of fire limits, our
 attention has been called to an ancient
 ordinance, presumably never repealed,
 which provides: "No person or per-
 sons shall erect or place any building,
 or part of any building, or any addition
 to any building, within the cor-
 porate limits of said city, unless the
 outer walls thereof be made of brick
 and mortar, or of stone and mortar, or
 of iron, backed by brick or stone and
 mortar, with lateral walls extending
 at least ten inches above the roof,
 and the roof thereof be covered with
 fire-proof material, unless such person
 or persons shall first obtain the con-
 sent of the council. Permits for the
 erection, or material alteration, of
 wooden buildings, within said terri-
 tory shall be granted where, in the
 opinion of the council, it would not
 be detrimental to the adjacent or con-
 tiguous property owners, and which
 permits must be in writing and signed
 by the clerk." This is a cumbersome
 and inconvenient sort of a regulation,
 but it might be better than none at
 all, were it enforced. But how is it
 enforced? How many of the hundreds
 of property owners who have erected
 buildings this season have taken out
 building permits? Probably not one
 in a dozen. Yet the ordinance speci-
 fies that a complete record of all build-
 ing operations shall be kept and fur-
 nished to the assessors for their use
 and convenience. Building permits
 are a wise and excellent requirement,
 but there ought to be some easier
 method of securing them than by ap-
 plication to council. If property own-
 ers had to wait for that body to act
 upon every structure erected, it is to
 be feared that the up-building of the
 city would be seriously hampered and
 delayed. The fact is that there is
 no just and sensible regulation on the
 subject that meets the city's needs,
 and that there is not the least effort
 made to enforce the feeble and futile
 ordinance quoted. It is a matter that
 should be attended to.

Judge Davy, of the New York su-
 preme court, has instructed the grand
 jury to make special efforts to root out
 anarchists. The judge said in his
 charge: "When two or more persons
 conspire to commit a crime or to com-
 mit any act against public morals or
 for the perversion or obstruction of
 justice in the due administration of
 the law of this state they are guilty
 of a conspiracy and the acts and de-
 clarations of any of the conspirators in
 furtherance of its purpose and objects
 are competent evidence to establish
 the guilt of all conspirators." At last
 the anarchist league of murderers is
 face to face with justice.

The Wheeling board of trade has
 practically closed a contract for the
 location there of a plant for the man-
 ufacture of machine tools and lathes

to cost \$250,000 and employ 200 men.
 How does Wheeling get these favors?
 By going after them. Any live town
 can do the same and with equal chan-
 ces of success.

Street railway projects embracing
 East Liverpool continue to spring up.
 Some fine day the roads will be built
 and will prove so profitable that the
 capitalists will regret that they so
 long left the field lying neglected.

If East Liverpool is to have a Mc-
 Kinley monument—and no city has
 more or better reasons for honoring
 the late president's memory—it is time
 some definite and earnest action were
 taken.

Whether he knows a marlinpike
 from a jibboom or not, every Ameri-
 can with sporting blood in his veins
 is going to be an enthusiastic yachts-
 man for the next few days.

Being unable to work themselves in-
 to a frenzy over Bryan's despised and
 rejected doctrine, Ohio Democrats are
 all at sea as regards campaign is-
 sues.

The fact that Czolgosz has but a
 month to live will be regretted by no
 one, save perhaps himself and other
 anarchists.

Senator Hanna's absolute confidence
 in President Roosevelt is shared by
 the rest of the country.

There is no imminent danger of that
 cup changing ownership this year.

OBITUARY.

Mrs. Anna Hallam.

Mrs. Anna Hallam, who died at her
 home on Fourth street yesterday
 morning, was 79 years of age, and had
 been a resident of East Liverpool for
 almost 50 years. She is survived by
 one son, Arthur Hallam, residing on
 a farm near Sprucevale. The lady
 was one of the oldest residents, her
 husband, George Hallam, having been
 connected with the firm of Agner,
 Foutts & Hallam, potters, operating
 what is now the Sevrès China com-
 pany, one of the first plants to be
 started in the city. His connection
 with the pottery industry continued
 from about 1866 almost to the time
 of his death. Early in the '80's Mr.
 Hallam was made justice of the peace,
 serving in that capacity for four
 terms.

A large estate is left by Mrs. Hal-
 lam, which will be distributed among
 heirs in this city and England. The
 funeral services over the remains of
 Mrs. Hallam will be held at the First
 M. E. church at 2 o'clock tomorrow
 afternoon. Rev. G. W. O'Leary officiat-
 ing. Interment will be made at Riv-
 erview.

POTTERY NEWS

R. C. Barnes, of Indianapolis, Ind.,
 who has been visiting in the city for
 several days, left yesterday afternoon
 for a visit in Beaver county. Mrs.
 Barnes will remain in the city for one
 more week. Mr. Barnes is traveling
 salesman for Burford Bros., and was
 to have gone west for them the first
 of the week, but owing to ill health was
 unable to go. He will leave in a few
 days on his trip and will be joined by
 his wife at Indianapolis.

James Clark, traveling salesman for
 J. M. Marshing & Co., of New York,
 manufacturers of decorating material,
 arrived in the city yesterday afternoon
 to make a tour of the potteries. Mr.
 Clark has been traveling for the firm
 for the past eight years, and will re-
 main in the city about three months.

**Our Consul General at Panama Has
 His Hands Full Just Now.**

Uncle Sam is keeping his eye very
 sharply cocked in the direction of
 northern South America these days.
 There is much trouble between the re-
 publics of Venezuela and Colombia,
 and already blood has been shed. Any
 day may bring the news of a formal
 declaration of hostilities.

The United States is bound by a
 treaty with the Colombian republic
 made in 1848 to guarantee the peace
 and security of interoceanic transit
 across the isthmus of Panama and to
 uphold Colombia's sovereignty over the

territory. To that end the state depart-
 ment has sent ships to both sides of
 the isthmus and has stirred up our di-
 plomatic and consular representatives in
 that section of the globe.

A position of importance is that filled
 by Hezekiah A. Gudger, United States
 consul general at Panama. Should the
 isthmus be threatened by Vene-
 zuelan troops or by Colombian rebels
 Mr. Gudger will be in the midst of the
 disturbance. Mr. Gudger is a North
 Carolinian and receives \$4,000 a year.

He Was Satisfied.

A farmer entered an office in central
 New York and sent this message to a
 woman in Canada: "Will you be my
 wife? Please answer quick by tele-
 graph." Although he waited the rest
 of the day, he got no answer, but the
 next morning he got a night dispatch,
 sent collect, but favorable. The opera-
 tor in expressing his sympathy said,
 "Little rough to keep you in suspense
 so long."

"Look a-here, sonny," the farmer re-
 marked, "I'll stand all the suspense.
 Any woman that'll hold back her an-
 swer all day to a proposal of marriage,
 jest so thet she kin send it half rate at
 night, is economical enough to make
 up after I git her for all the loss of
 time and injury to feelin's I've suffered
 waitin'."—Exchange.

CHOOSING A WIFE

The Brain, Nerves And Temperaments
 Will Be illus-
 trated.

At Y. M. C. A. hall tonight, Dr.
 Beardsley will give his last and best
 illustrated lecture and entertainment
 for the general public. The subject
 will be "Brain, Nerves and Tempera-
 ments." It will be elaborately illus-
 trated and illuminated. There will be
 a complete change of paintings, dia-
 grams and scenes. When delineating
 the temperaments the doctor will give
 advice to the young about choosing
 life companions—choosing wives and
 husbands—illustrating how to avoid
 matrimonial mistakes, and how to cor-
 rect mistakes when made. An appro-
 priate series of brilliant and beauti-
 fully colored stereopticon pictures will
 be displayed.

No admission fee charged for adults
 tonight. A collection will be taken at
 the close. Persons with season tickets
 not expected to contribute. Boys un-
 der 20 and girls under 16 must pay
 10 cents. 88-1

On the subject of fire limits, our
attention has been called to an ancient
ordinance, presumably never repealed,
which provides: "No person or per-
sons shall erect or place any building,
or part of any building, or any addi-
tion to any building, within the cor-
porate limits of said city, unless the
outer walls thereof be made of brick
and mortar, or stone and mortar, or
of iron, backed by brick or stone and
mortar, with lateral walls extending
at least ten inches above the roof,
and the roof thereof be covered with
fire-proof material, unless such person
or persons shall first obtain the con-
sent of the council. Permits for the
erection, or material alteration, of
wooden buildings, within said terri-
tory shall be granted where, in the
opinion of the council, it would not
be detrimental to the adjacent or con-
tiguous property owners, and which
permits must be in writing and signed
by the clerk." This is a cumbersome
and inconvenient sort of a regulation,
but it might be better than none at
all, were it enforced. But how is it
enforced? How many of the hundreds
of property owners who have erected
buildings this season have taken out
building permits? Probably not one
in a dozen. Yet the ordinance speci-
fies that a complete record of all build-
ing operations shall be kept and fur-
nished to the assessors for their use
and convenience. Building permits
are a wise and excellent requirement,
but there ought to be some easier
method of securing them than by ap-
plication to council. If property own-
ers had to wait for that body to act
upon every structure erected, it is to
be feared that the up-building of the
city would be seriously hampered and
delayed. The fact is that there is
no just and sensible regulation on the
subject that meets the city's needs,
and that there is not the least effort
made to enforce the feeble and futile
ordinance quoted. It is a matter that
should be attended to.

Judge Davy, of the New York su-
preme court, has instructed the grand
jury to make special efforts to root out
anarchists. The judge said in his
charge: "When two or more persons
conspire to commit a crime or to com-
mit any act against public morals or
for the perversion or obstruction of
justice in the due administration of
the law of this state they are guilty
of a conspiracy and the acts and de-
clarations of any of the conspirators in
furtherance of its purpose and objects
are competent evidence to establish
the guilt of all conspirators." At last
the anarchist league of murderers is
face to face with justice.

The Wheeling board of trade has
practically closed a contract for the
location there of a plant for the man-
ufacture of machine tools and lathes

to cost \$250,000 and employ 200 men.
How does Wheeling get these favors?
By going after them. Any live town
can do the same and with equal chan-
ces of success.

Street railway projects embracing
East Liverpool continue to spring up.
Some fine day the roads will be built
and will prove so profitable that the
capitalists will regret that they so
long left the field lying neglected.

If East Liverpool is to have a Mc-
Kinley monument—and no city has
more or better reasons for honoring
the late president's memory—it is time
some definite and earnest action were
taken.

Whether he knows a marlinpike
from a jibboom or not, every Ameri-
can with sporting blood in his veins
is going to be an enthusiastic yacht-
man for the next few days.

Being unable to work themselves in-
to a frenzy over Bryan's despised and
rejected doctrine, Ohio Democrats are
all at sea as regards campaign is-
sues.

The fact that Czolgosz has but a
month to live will be regretted by no
one, save perhaps himself and other
anarchists.

Senator Hanna's absolute confidence
in President Roosevelt is shared by
the rest of the country.

There is no imminent danger of that
cup changing ownership this year.

OBITUARY.

Mrs. Anna Hallam.

Mrs. Anna Hallam who died at her
home on Fourth street yesterday
morning, was 79 years of age, and had
been a resident of East Liverpool for
almost 50 years. She is survived by
one son, Arthur Hallam, residing on
a farm near Sprucevale. The lady
was one of the oldest residents, her
husband, George Hallam, having been
connected with the firm of Agner,
Foutts & Hallam, potters, operating
what is now the Severs China com-
pany, one of the first plants to be
started in the city. His connection
with the pottery industry continued
from about 1866 almost to the time
of his death. Early in the '80's Mr.
Hallam was made justice of the peace,
serving in that capacity for four
terms.

A large estate is left by Mrs. Hal-
lam, which will be distributed among
heirs in this city and England. The
funeral services over the remains of
Mrs. Hallam will be held at the First
M. E. church at 2 o'clock tomorrow
afternoon, Rev. G. W. Olcott officiat-
ing. Interment will be made at Riv-
erview.

of the week, but owing to ill health was
unable to go. He will leave in a few
days on his trip and will be joined by
his wife at Indianapolis.

James Clark, traveling salesman for
J. M. Marshing & Co., of New York,
manufacturers of decorating material,
arrived in the city yesterday afternoon
to make a tour of the potteries. Mr.
Clark has been traveling for the firm
for the past eight years, and will re-
main in the city about three months.

territory. To that end the state depart-
ment has sent ships to both sides of
the isthmus and has stirred up our di-
plomatic and consular representatives in
that section of the globe.

A position of importance is that filled
by Hezekiah A. Gudger, United States

Mr. Gudger will be in the midst of the

He Was Satisfied.

A farmer entered an office in central
New York and sent this message to a
woman in Canada: "Will you be my
wife? Please answer quick by tele-
graph." Although he waited the rest
of the day, he got no answer, but the
next morning he got a night dispatch,
sent collect, but favorable. The opera-
tor in expressing his sympathy said,
"Little rough to keep you in suspense
so long."

"Look a-here, sonny," the farmer re-
marked, "I'll stand all the suspense.
Any woman that'll hold back her an-

CHOOSING A WIFE

The Brain, Nerves And Temperaments
Will Be illus-
trated.

At Y. M. C. A. hall tonight, Dr.
Beardsley will give his last and best
illustrated lecture and entertainment
for the general public. The subject
will be "Brain, Nerves and Tempera-
ments." It will be elaborately illus-
trated and illuminated. There will be
a complete change of paintings, dia-
grams and scenes. When delineating
the temperaments the doctor will give
advice to the young about choosing
life companions—choosing wives and
husbands—illustrating how to avoid
matrimonial mistakes, and how to cor-
rect mistakes when made. An appro-
priate series of brilliant and beauti-
fully colored stereopticon pictures will
be displayed.

No admission fee charged for adults
tonight. A collection will be taken at
the close. Persons with season tickets
not expected to contribute. Boys un-
der 20 and girls under 16 must pay

SOUTH SIDE FRANCHISE GRANTED

OF CHESTER COUNCIL FOR OHIO
VALLEY TROLLEY LINE.

Names of Promoters Not Disclosed.
Various Other Matters
Acted Upon.

Before Chester council last night Attorney G. D. Ingram made application for a franchise for the street railway, which, it is supposed, the promoters propose to build up the river from Steubenville.

The name of the company was not disclosed and no action was taken. The matter may not come up before that body for about three weeks, it being the intention of the company to bring it up at East Liverpool first.

Chester council met last night at the city building with Members Riley, Arner, Cochran, Finley, McDonald, Recorder Marshall and Solicitor Marshall, of New Cumberland, present.

The franchise of the Columbiana County Telephone company was given its second reading.

Mr. Cochran made a motion that a light and steps be placed at Third street for the convenience of the residents of lower Chester, stating that unless some light was provided the town would be compelled to stand a damage suit. The matter has been in the hands of the street committee, but they had made no progress, and as the property holder objected to allowing the steps to go on his ground, it was referred back to the committee to see if the railroad company would not assist in erecting the steps. It was held that it would be a good thing for the patrons of the road, as they would be able to reach the platform without going out of their way.

The Ohio Valley Gas company was represented at the meeting by H. L. Snyder, who asked permission for the laying of a main on Virginia avenue, stating that he had taken his force of men off a job in East Liverpool and expected to go to work this morning; also that the company had a franchise for Hancock county, which was granted by the county court, but as the company wished to be fair with the residents of the town he asked for a permit from council. Mr. Finley made a motion to grant the permit, but Mr. Riley stated it could not be done, as no franchise had been presented. There was nothing to designate the depth the main should be laid, and the company could lay the main on the surface of the ground if it wished. Mr. Snyder arose and told the president that as a rule the company had always placed its lines three feet under ground; that it expected to do the same here, and would leave the streets in as good condition as ever. He was told to have the company draw up a franchise and present it at the next meeting.

Mr. Riley stated that the tin mill was erected on the continuation of Virginia avenue, but as there was no plat of the streets the matter was dropped, but it was the cause of the recorder being instructed to purchase a plat of the city and have it hung in the office.

The bill of T. C. King for \$76.26 for plumbing and extras, and which was laid over at the last meeting, was again up last night. Mr. Finley wished to know who instructed Mr. King to do the extra work and Mr. Riley, who was one of the committee to look after the matter, arose and stated he had talked to Mr. King, and he said he had not been instructed to do it, but knew the job was not complete until it was done. Mr. Finley made a motion that the bill be paid. The motion was seconded by Mr. Arner and the recorder was instructed to pay it.

The question of requiring the city bill poster to pay a license was dropped on advice of Solicitor Marshall.

Want a Gas Line.

Several residents of Chester are very indignant at the action of council toward the Ohio Valley Gas company at the meeting last night. They think the company should be allowed to lay their lines at once.

CHESTER NOTES.

Mrs. Kinney is very ill at her home on Second street.

County Assessor J. T. Melvin, of Fairview, was in Chester today on business.

Two cars of gearing wheels arrived at the mill and a force of men are today busy preparing for the structural work for the new tin house.

MISERABLE WORK

climbing around like a jumping-jack to get many of the throws made to him.

Many of the spectators wished they could be chloroformed.

Rising should wear a hold-back strap. He covers too much ground.

McNicol had troubles of his own—but we all have them occasionally.

The outfield was all right. No kick coming from the work in that section.

In all of their 13 hits the Painesville players couldn't even make a two-bagger. All were singles. The locals hit the ball the hardest, but they were not assisted with a carload of errors.

There was only one thing that prevented the game from being a 10 or 11-inning one, and that was because at the end of the eighth Painesville had 17 more scores than the home team.

Cities Without Slums.

Berlin has none of the horrible areas which disgrace London and so many other English towns. Even in the poorest quarters the dwellings are good, the streets well paved, clean and comparatively wide. It also has no slums in the English sense of the word. Kioto, in Japan, and Sevastopol, in Russia, both boast an absence of slums and paupers. In England the largest manufacturing town which is free from this reproach is probably Huddersfield, and after that would come Leamington Spa and London by the Sea.—Pearson's Weekly.

There They Were.

"I am here, gentlemen," explained the pickpocket to his fellow prisoners, "as the result of a moment of abstraction." "And I am here," said the incendiary, "because of an unfortunate habit of making light of things." "And I," said the forger, "on account of a simple desire to make a name for myself." "And I," added the burglar, "through nothing but taking advantage of an opening which offered in a large mercantile establishment in town."—Kansas City Independent.

Sleeping Rooms.

In all sleeping apartments where carpet is used, in the interest of health, an uncovered painted margin should entirely surround the room so as to prevent the accumulation of dust, possibly containing dangerous microbes in the cracks. If this border is regularly washed with water containing a disinfectant, it will also aid materially in purifying the room.

Not Overrelated.

"I suppose," said the effusive lady who was visiting the Meektons, "that your wife is sure that she has the best husband that ever lived."

"Yes," answered Meekton, with something like a sigh. "But at the same time I don't believe she thinks that is saying much for me."—Washington Star.

Advice From Way Up.

"Understand me," said the balloon to the parachute, "I wouldn't for the world encourage drinking habits in the young and innocent, but at the same time I don't think a drop would hurt you in the least."

Whereupon the parachute dropped.—Cleveland Plain Dealer.

WELLSVILLE

ENJOYABLE RECEPTION

Tendered a Young Couple Who Will
Make Their Home in
Wellsville.

A wedding reception was tendered Mr. and Mrs. Charles Secrist last night at the home of the groom on Main street, the young couple having arrived from Inverness, where they were married on Wednesday evening. The bride wore a handsome gown, looked beautiful and carried white roses. Her maid, Miss Alberta Clark, of Inverness, was dressed in white and carried white roses. The groom's best man, Pressley Boyd, of Inverness, was at the reception.

There were four tables spread and about 50 persons were present. The young couple received many costly presents.

Back From Camp.

J. P. Caldwell, family and son, John Caldwell, family and others, who for the past two weeks have been camping on West Beaver, have returned, greatly improved by their outing and are at their homes on Hill street.

Two Couples Married.

Mr. Humphrey, an employee of the railroad shops, and Miss Bessie Peck, of the West End, were married last evening. Mr. Dray and Miss Ida Smith, of Wood street, were also wedded last evening.

A Coachful of Friends.

A coach filled with members of the Quaker faith passed through Wellsville yesterday, stopping off for a while on their way to attend the annual Quaker meeting at Mt. Pleasant, back of Wheeling.

Spoke at an Installation.

Rev. C. L. V. McKee has returned from Malvern, where he spoke last night at the installation of elders of the Presbyterian church.

MINOR NEWS OF WELLSVILLE.

Oil Tank Exploded.

New York, Sept. 27.—Six men and possibly seven were killed and seven injured by an explosion of an oil tank at the Essex and Hudson Gas company, at Newark, N. J. The known dead are:

Lawrence Kirch, 35 years old, employed in the works.

William Meyer, 40 years of age.

Otto Newman, 27 years, foreman at the works.

Alfred Snyder, 22 years, of age, resided in Jersey City.

Nicholas Miller, 45 years old, unidentified man.

Many witnesses say there is a body in the river, as they saw it hurled high in the air and thrown in that direction.

WASIL LAKETCH

HUNG AT GREENSBURG, PA.

Greensburg, Pa., Sept. 27.—Wasil Laketch, the only survivor of the four Montenegrins who murdered Paymaster Wilfred L. Hosler, was hanged in the county jail. A crowd numbering about 400 completely filled the jail. Deputy Sheriff Ernest R. May conducted the doomed man, who was accompanied by a Greek priest, to the scaffold and adjusted the noose and black cap. The trap was then released and Laketch was swung into eternity, dying in 11 minutes.

Democratic Meeting Date.

Columbus, O., Sept. 27.—It was announced at the Democratic state headquarters that the opening meeting at Bucyrus, which was postponed on account of the death of President McKinley, had been set for Oct. 23.

REMAINS OF LINCOLN

REMOVED TO VAULT.

Springfield, Ill., Sept. 27.—The remains of Abraham Lincoln were placed in what it is expected will be their final resting place. The casket was taken from its former place in the monument to Memorial hall, and was there opened and the body viewed, and then placed in a vault, recently completed.

KILLED BY FALL

FROM A TRAIN.

New York, Sept. 27.—Mrs. Howard Brockway, wife of a well-known musician and composer of this city, was killed by a fall from a New York Central train at Crugers, 30 miles from here.

SOUTH SIDE

FRANCHISE GRANTED

OF CHESTER COUNCIL FOR OHIO VALLEY TROLLEY LINE.

Names of Promoters Not Disclosed. Various Other Matters Acted Upon.

Before Chester council last night Attorney G. D. Ingram made application for a franchise for the street railway, which, it is supposed, the projectors propose to build up the river from Steubenville.

The name of the company was not disclosed and no action was taken. The matter may not come up before that body for about three weeks, it being the intention of the company to bring it up at East Liverpool first.

Chester council met last night at the city building with Members Riley, Arner, Cochran, Finley, McDonald, Recorder Marshall and Solicitor Marshall, of New Cumberland, present.

The franchise of the Columbiana County Telephone company was given its second reading.

Mr. Cochran made a motion that a light and steps be placed at Third street for the convenience of the residents of lower Chester, stating that unless some light was provided the town would be compelled to stand a damage suit. The matter has been in the hands of the street committee, but they had made no progress, and as the property holder objected to allowing the steps to go on his ground, it was referred back to the committee to see if the railroad company would not assist in erecting the steps. It was held that it would be a good thing for the patrons of the road, as they would be able to reach the platform without going out of their way.

The Ohio Valley Gas company was represented at the meeting by H. L. Snyder, who asked permission for the laying of a main on Virginia avenue, stating that he had taken his force of men off a job in East Liverpool and expected to go to work this morning; also that the company had a franchise for Hancock county, which was granted by the county court, but as the company wished to be fair with the residents of the town he asked for a permit from council. Mr. Finley made a motion to grant the permit, but Mr. Riley stated it could not be done, as no franchise had been presented. There was nothing to designate the depth the main should be laid, and the company could lay the main on the surface of the ground if it wished. Mr. Snyder arose and told the president that as a rule the company had always placed its lines three feet under ground; that it expected to do the same here, and would leave the streets in as good condition as ever. He was told to have the company draw up a franchise and present it at the next meeting.

Mr. Riley stated that the tin mill was erected on the continuation of Virginia avenue, but as there was no plat of the streets the matter was dropped, but it was the cause of the recorder being instructed to purchase a plat of the city and have it hung in the office.

The bill of T. C. King for \$76.26 for plumbing and extras, and which was laid over at the last meeting, was again up last night. Mr. Finley wished to know who instructed Mr. King to do the extra work and Mr. Riley, who was one of the committee to look after the matter, arose and stated he had talked to Mr. King, and he said he had not been instructed to do it, but knew the job was not complete until it was done. Mr. Finley made a motion that the bill be paid. The motion was seconded by Mr. Arner and the recorder was instructed to pay it.

The question of requiring the city poster to pay a license was dropped on advice of Solicitor Marshall.

Want a Gas Line.

Several residents of Chester are very indignant at the action of council toward the Ohio Valley Gas company at the meeting last night. They think the company should be allowed to lay their lines at once.

CHESTER NOTES.

Mrs. Kinney is very ill at her home on Second street.

County Assessor J. T. Melvin, of Fairview, was in Chester today on business.

Two cars of gearing wheels arrived at the mill and a force of men are today busy preparing for the structural work for the new tin house.

MISERABLE WORK

climbing around like a jumping-jack to get many of the throws made to him.

Many of the spectators wished they could be choroformed.

Rising should wear a hold-back strap. He covers too much ground.

McNicol had troubles of his own—but we all have them occasionally.

The outfield was all right. No kick coming from the work in that section. In all of their 13 hits the Painesville players couldn't even make a two-bagger. All were singles. The locals hit the ball the hardest, but they were not assisted with a carload of errors.

There was only one thing that prevented the game from being a 10 or 11-inning one, and that was because at the end of the eighth Painesville had 17 more scores than the home team.

Cities Without Slums.

Berlin has none of the horrible areas which disgrace London and so many other English towns. Even in the poorest quarters the dwellings are good, the streets well paved, clean and comparatively wide. It also has no slums in the English sense of the word. Kyoto, in Japan, and Sevastopol, in Russia, both boast an absence of slums and paupers. In England the largest manufacturing town which is free from this reproach is probably Huddersfield, and after that would come Leamington Spa and London by the Sea.—Pearson's Weekly.

There They Were.

"I am here, gentlemen," explained the pickpocket to his fellow prisoners, "as the result of a moment of abstraction." "And I am here," said the incendiary, "because of an unfortunate habit of making light of things." "And I," said the forger, "on account of a simple desire to make a name for myself." "And I," added the burglar, "through nothing but taking advantage of an opening which offered in a large mercantile establishment in town."—Kansas City Independent.

Sleeping Rooms.

In all sleeping apartments where carpet is used, in the interest of health, an uncovered painted margin should entirely surround the room so as to prevent the accumulation of dust, possibly containing dangerous microbes in the cracks. If this border is regularly washed with water containing a disinfectant, it will also aid materially in purifying the room.

Not Overrated.

"I suppose," said the effusive lady who was visiting the Meektons, "that your wife is sure that she has the best husband that ever lived." "Yes," answered Meekton, with something like a sigh. "But at the same time I don't believe she thinks that is saying much for me."—Washington Star.

Advice From Way Up.

"Understand me," said the balloon to the parachute, "I wouldn't for the world encourage drinking habits in the young and innocent, but at the same time I don't think a drop would hurt you in the least."

Whereupon the parachute dropped.—Cleveland Plain Dealer.

ANNOUNCEMENT.

TO THE VOTERS OF COLUMBIANA COUNTY:

I take this opportunity of informing you that I am a candidate for the Legislature, to be voted for at the November election. If you are in favor of liberal laws and honest legislation, with charity towards all and animosity to none, I sincerely solicit your vote. J. C. WALSH, 26th East Liverpool, O.

WASIL LAKETCH HUNG AT GREENSBURG, PA.

Greensburg, Pa., Sept. 27.—Wasil Laketch, the only survivor of the four Montenegrins who murdered Paymaster Wilfred L. Hosler, was hanged in the county jail. A crowd numbering about 400 completely filled the jail. Deputy Sheriff Ernest R. May conducted the doomed man, who was accompanied by a Greek priest, to the scaffold and adjusted the noose and black cap. The trap was then released and Laketch was swung into eternity, dying in 11 minutes.

CONTRADICTS SCHLEY

Captain Wise Denies He Communicated With Him, as the Admiral Reported.

FAILED TO ORDER SIGSBEE

To Tell Him of Information He Had From Naval Department—Thought It Was Sigsbee's Duty—Wood Said Schley Was Very Nervous.

Washington, Sept. 27.—At the Schley court of inquiry Captain Wise, who commanded the scout ship Yale, continued his testimony. It was in part:

Mr. Hanna read the following extract from Admiral Schley's report of Feb. 18, beginning: "After having been informed by the scouts commanded by such officers as Sigsbee, Jewell and Wise, that, although they had all been off Santiago de Cuba for a week, they had seen nothing of it (the Spanish fleet), and knew nothing of its movements or its whereabouts, etc." he then asked Captain Wise if he had made such a communication to the admiral.

Contradicted Admiral Schley.

"I did not," was the response.

"Did you give Admiral Schley any information respecting the Spanish squadron?"

"Only through Captain Sigsbee. I did not go on board the Brooklyn at all. I gave Captain Sigsbee all the information I had."

Mr. Rayner asked: "From the morning of the 22d until the arrival of the flying squadron on the evening of the 26th you were trying to get in touch with the enemy and watching the harbor?" "Yes, sir."

"You saw nothing in there?" "I could not see any harbor at all."

"You could see around the corner of Cay Smith?" "We saw the masts of a small vessel. Could not distinguish what it was."

"You sent no one on shore to try to establish communication?" "Not at all."

"Isn't the natural condition of the harbor such that it is impossible to see considerable up the harbor?" "You can see only a short distance up the harbor."

"And there was nothing in sight whatever, was there?" "Nothing at all."

The witness had said that Captain Sigsbee had taken the dispatch beginning "Get in touch with the enemy." The court, through Admiral Dewey, asked: "Was it your duty or that of Captain Sigsbee to convey the information in the dispatch referred to to Commodore Schley?"

"I think it was Captain Sigsbee's, as he went immediately on duty, and I was intercepted by orders from the commodore to take the Merrimac in tow."

Mr. Hanna—Did you receive any inquiry, or did the commanding officer of the flying squadron ask you for any information at any time?

"Nothing."

At one point the court asked: "Who was the senior officer off Santiago prior to the arrival of the flying squadron?"

"I was senior officer until Captain Cotton came on the 23d. He was there until the 24th, and I was senior officer on the 25th and the squadron came there on the 26th."

"Did you not direct Captain Sigsbee to give Commodore Schley the information that you had received from the navy department with regard to the whereabouts of the Spanish squadron?"

"I did not."

Admiral Cotton was recalled to make verbal corrections to the testimony previously given by him.

William C. Gray, who was chief machinist on the Texas during the battle off Santiago on July 3, testified that on that date he had been on duty at the throttle of the starboard engine of the battleship. He said that when he went to the engine room the vessel was going ahead. "The next signal," he said, "was to stop and a minute afterward to reverse. The engines were then reversed."

Carried Dispatches to Schley.

Lieutenant Spencer S. Wood, who commanded the dispatch boat Dupont during the Spanish war, related some particulars of his mission as a dispatch carrier from Admiral Sampson lying at Key West to Admiral Schley, who was off Cienfuegos. He had left Key West on May 20, carrying dispatches of which the Iowa carried duplicates, and had reached Cienfuegos several hours in advance of the Iowa. His testimony was in part:

"On my arrival I went aboard and personally delivered the dispatches which I carried from Admiral Sampson to Commodore Schley in his cabin at 9 o'clock. He asked me Admiral Sampson's idea about where the Spanish squadron was. I told him I did not know; he asked me of Admiral Sampson's intentions. I told him I did not know them. He told me he thought the Spanish squadron was there. He had heard firing and was almost convinced that they were there. The conversation was on the line to endeavor to find out from me what Admiral Sampson's plans were. I could give him no information."

"Have you anything further to state with respect to this interview which will bear upon the subject of this inquiry?"

"The commodore hesitated some time about giving me coal. He did not think he could spare coal at first. I said it was absolutely necessary; that we were almost out of coal, having made the run from Key West. He said: 'Very well; go below and I will think it over.' I went below to the ward room, and was afterward called up and informed that they would give me coal. I had never before met the admiral. He impressed me as being very nervous. He would get up and walk around, come back and sit down and a number of questions he asked me about Admiral Sampson's intentions I was unable to answer."

Before Lieutenant Wood had concluded his testimony the court adjourned to permit attendance at Judge Wilson's funeral.

FUNERAL OF JUDGE WILSON.

Rev. T. Hamlin Conducted Services. Prominent Persons Were Present.

Washington, Sept. 27.—Funeral services over the remains of the late Jeremiah M. Wilson, chief counsel for Admiral Schley, and one of the best known lawyers in the country, were held at the Church of the Covenant, the large church was filled with a representative Washington audience, including many persons prominent in official life, and also well-known civilians. The Rev. Dr. T. Hamlin read the burial service of the Presbyterian church and briefly extolled the many virtues of the dead.

Among the honorary pallbearers were Secretary of Agriculture Wilson, General John M. Wilson, formerly chief of engineers, Justice Brewer, of the supreme court; Admiral Dewey, Rear Admiral Schley, Senator McComas, General Sherwin, of Boston, and Justices Morris and Bingham, of the District of Columbia judiciary. Interment was in Oak Hill cemetery.

WANTED TO DO RIGHT.

So a Dodger of Customs Fees Sent Gage \$6,150—His Statement.

Washington, Sept. 27.—Secretary Gage received in an envelope postmarked New York, Sept. 25, 1901, \$6,150 in bills of denominations ranging from \$50 to \$500. This large sum of money was accompanied only by the following statement:

"After much thought I have been convinced that duties were not fully paid as desired, difference estimated at about 2 per cent. The wish now is to rectify what was done during some years ago and amount is being sent which it is felt must be paid to the U. S. treasury to discharge those duties and do the right. Above has been great grief."

No name was signed to the communication.

FORMER SECRETARY OF LINCOLN DEAD.

Washington, Sept. 27.—Mr. John George Nicolay, private secretary to President Lincoln, and widely known as the author of several works on the life of the great war president, died at his residence here, aged 70 years. His literary work that has attracted the most attention is the history of Lincoln, which Mr. Nicolay collaborated with Colonel John Hay, the present secretary of state.

CHESTER

THE phenomenal growth of Chester is the talk of everybody—everything in Chester these days is hustle. The new Tin Plate Works is being more than doubled, and in a few days will be in operation, employing hundreds of skilled workmen, and paying out in wages one-fourth as much as all the potteries combined in East Liverpool, Ohio.

The Rolling Mill Land Company has just platted their second addition to Chester, consisting of one hundred and eight lots, and the same is now ready for sale. The addition is located just west of the mill, and east of the Melvina M. Gardner tract. On this tract fifty beautiful, modern houses are now being erected, each house being fitted up with gas, water and bath room. This addition will have all modern up-to-date improvements, such as graded streets, paved sidewalks, the purest water to be had in the Ohio valley, gas, electric light and a complete sewerage system. Nowhere in or around East Liverpool, or elsewhere is there such opportunities for investment or speculation as is presented here. Lots in this addition, with all of the foregoing improvements will sell as low as \$500.00; 10 per cent. cash, and the balance on long time, with 6 per cent. interest.

With the factories now in operation, and those building when in full operation, will support a population of six thousand people.

This Company has sold over \$50,000 worth of property in the past year and a half—and there has not been a single purchaser that has not made good money—and scores of them can sell, and have sold their lots for twice what they paid. The outlook today is brighter than ever before.

We also have lots in our old addition which we can sell for \$200 and upwards.

In this new addition, houses as well as lots will be for sale on and after this publication. Look Chester over and see what we have to offer.

He told me he thought the Spanish squadron was there. He had heard firing and was almost convinced that they were there. The conversation was on the line to endeavor to find out from me what Admiral Sampson's plans were. I could give him no information."

"Have you anything further to state with respect to this interview which will bear upon the subject of this inquiry?"

"The commodore hesitated some time about giving me coal. He did not think he could spare coal at first. I said it was absolutely necessary; that we were almost out of coal, having made the run from Key West. He said: 'Very well; go below and I will think it over.' I went below to the ward room, and was afterward called up and informed that they

would give me coal. I had never before met the admiral. He impressed me as being very nervous. He would get up and walk around, come back and sit down and a number of questions he asked me about Admiral Sampson's intentions I was unable to answer."

Before Lieutenant Wood had concluded his testimony the court adjourned to permit attendance at Judge Wilson's funeral.

FUNERAL OF JUDGE WILSON.

Rev. T. Hamlin Conducted Services. Prominent Persons Were Present.

Washington, Sept. 27.—Funeral services over the remains of the late Jeremiah M. Wilson, chief counsel for Admiral Schley, and one of the best known lawyers in the country, were held at the Church of the Covenant.

The large church was filled with a representative Washington audience, including many persons prominent in official life, and also well-known civilians. The Rev. Dr. Tennis Hamlin read the burial service of the Presbyterian church and briefly extolled the many virtues of the dead.

Among the honorary pallbearers were Secretary of Agriculture Wilson, General John M. Wilson, formerly chief of engineers, Justice Brewer, of the supreme court; Admiral Dewey, Rear Admiral Schley, Senator McComas, General Sherwin, of Boston, and Justices Morris and Bingham, of the District of Columbia judiciary. Interment was in Oak Hill cemetery.

WANTED TO DO RIGHT.

So a Dodger of Customs Fees Sent Gage \$6,150—His Statement.

Washington, Sept. 27.—Secretary Gage received in an envelope postmarked New York, Sept. 25, 1901, \$6,150 in bills of denominations ranging from \$50 to \$500. This large sum of money was accompanied only by the following statement:

"After much thought I have been convinced that duties were not fully paid as desired, difference estimated at about 2 per cent. The wish now is to rectify what was done during some years ago and amount is being sent which it is felt must be paid to the U. S. treasury to discharge those duties and do the right. Above has been great grief."

No name was signed to the communication.

FORMER SECRETARY OF LINCOLN DEAD.

Washington, Sept. 27.—Mr. John George Nicolay, private secretary to President Lincoln, and widely known as the author of several works on the life of the great war president, died at his residence here, aged 70 years.

His literary work that has attracted the most attention is the history of Lincoln, which Mr. Nicolay collaborated with Colonel John Hay, the present secretary of state.

CHESTER

THE phenomenal growth of Chester is the talk of everybody—everything in Chester these days is hustle. The new Tin Plate Works is being more than doubled, and in a few days will be in operation, employing hundreds of skilled workmen, and paying out in wages one-fourth as much as all the potteries combined in East Liverpool, Ohio.

The Rolling Mill Land Company has just platted their second addition to Chester, consisting of one hundred and eight lots, and the same is now ready for sale. The addition is located just west of the mill, and east of the Melvina M. Gardner tract. On this tract fifty beautiful, modern houses are now being erected, each house being fitted up with gas, water and bath room. This addition will have all modern up-to-date improvements, such as graded streets, paved sidewalks, the purest water to be had in the Ohio valley, gas, electric light and a complete sewerage system. Nowhere in or around East Liverpool, or elsewhere is there such opportunities for investment or speculation as is presented here. Lots in this addition, with all of the foregoing improvements will sell as low as \$500.00; 10 per cent. cash, and the balance on long time, with 6 per cent. interest.

With the factories now in operation, and those building when in full operation, will support a population of six thousand people.

This Company has sold over \$50,000 worth of property in the past year and a half—and there has not been a single purchaser that has not made good money—and scores of them can sell, and have sold their lots for twice what they paid. The outlook today is brighter than ever before.

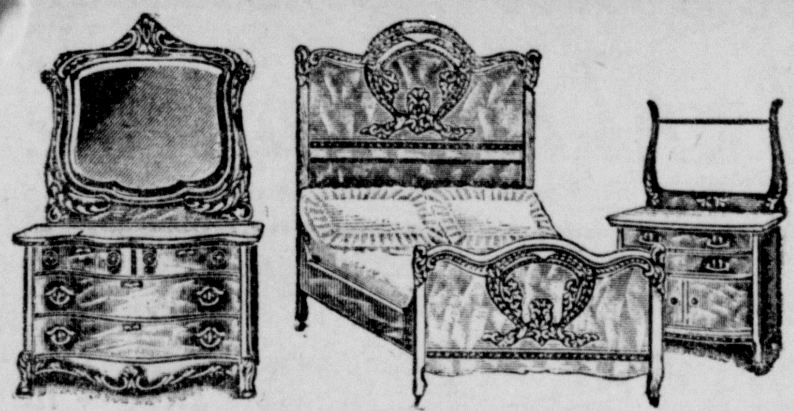

We also have lots in our old addition which we can sell for \$200 and upwards.

In this new addition, houses as well as lots will be for sale on and after this publication. Look Chester over and see what we have to offer.

AT THE STARTING POINT—JOCKEYING FOR THE WINDWARD POSITION.

THE COLUMBIA WAS AHEAD BUT WIND TOO LIGHT FOR RACE

New York, Sept. 27.—A crowd went down to Sandy Hook lightship Thursday to witness Sir Thomas Lipton's second challenger, Shamrock II, and the white flyer Columbia, which successfully defended the old American cup against his first trophy hunter two years ago, struggle for the yachting supremacy of the world in the first of the cup races of 1901. But the excursion fleet returned disappointed. The great single stickers went out yesterday morning fresh for the battle, but the sea refused them a field of conflict. The wind, never more than about nine and sometimes as low as about three knots, was too light and shifty to carry the contestants over the 30-mile course in the time allotted by the rules. At the end of five and a half hours, the prescribed time, the race was officially declared off and the yachts were towed back to their berths inside Sandy Hook. When the gun aboard the committee boat was fired to call attention to the signal declaring the race off the American yacht was still about seven miles from the finish line. The

Englishman was huddled astern of her, the experts estimating her distance behind the Columbia at over three-quarters of a mile.

Americans will have reason to congratulate themselves upon the result of the first trial. The Columbia was headed but once in about the 23 miles covered, and then the Englishman showed the way for only about five minutes.

In windward work the Columbia beat the foreigner about 7 minutes and 15 seconds to the outer mark and increased her lead somewhat in the broad reach for home. The test was unsatisfactory. Certainly Columbia's superiority in light airs appeared to have been demonstrated yesterday. Shamrock II did not, in fact, make as good a showing as did Lipton's first challenger in the half dozen flukes that preceded the actual races two years ago. What Shamrock II may be able to do in heavy weather is of course problematical, but Columbia has been tried, and all her admirers insist that she is distinctively a heavy weather boat.

FAVORABLE IRON REPORTS

Accepted as a Cheerful Indication in Stock Market Wednesday—Some Features of the Market.

New York, Sept. 27.—The opening losses in the stock market Thursday were due to the demoralizing effect upon copper mining shares in the foreign markets of the break in Amalgamated. Rio Tinto were off over 3 points in Paris when the stock market opened here and the copper market in London had made a further slump. London poured out stocks freely upon the New York market in liquidation, making the opening active and weak. It became evident very quickly that support was to be accorded to Amalgamated Copper and Anaconda. Only 700 shares of the former and 600 shares of the latter sold at 1/4 below Wednesday night's closing. All subsequent transactions were at or above Wednesday night's level. Both stocks fluctuated freely

quently during the day, but the large short interest showed itself nervous over the rally after so extensive a decline and with all the bad news, so far as known, already published. The active demand from the shorts caused Amalgamated Copper to recover more than Wednesday's loss, and the stock closed only 1/8 below the best. Anaconda was 3/8 higher for the day. The relief to the sentiment afforded by the recovery in Amalgamated overshadowed all other considerations. The severe liquidation in some of the railroad stocks, which was a feature Wednesday, was not in evidence, and the fears felt of unfavorable developments in the companies not yet known to the public were relieved. The selling was explained as being due to liquidation by bull pools, and suggestions were heard of internal dissensions between members of the pools to account for the liquidation. The very favorable reports of the iron trade outlook, including rise in price of pig iron, and assertions that large orders for steel rails would go over to next year, was accepted as a

cheering indication. The announcement of the arrival in San Francisco of a consignment of \$2,500,000 in Australian gold, taken in connection with Wednesday's report of a shipment of a like amount from Sydney and the large receipts of Klondike gold in the last few days served as a reassurance to those who felt uneasiness over the future money outlook. The withdrawal from the Bank of England of more than \$2,500,000 for Germany was taken to indicate the ability of that institution to respond to demands upon it in the event of any real stringency in the New York money market. The movement of prices had the usual effect of coloring the views of the day's events to conform to the new direction of prices. The market closed quiet and steady at about the best.

The principal weak spots in the bond market were in speculative issues. These rallied with stocks and others were firm throughout. Total sales, par value, \$2,090,000.

United States bonds were all unchanged on the last call.

STEEL BILLETS AT \$16.50 RATE

And Lower, When Certain Ocean
Transportation Arrangements Are
Completed—Pointed Out Wages of
His Men Double Those of British.

London, Sept. 27.—Joseph Lawrence, member of parliament for the Monmouth district, who recently returned from the United States, addressing the Newport chamber of commerce, made the most interesting and comprehensive statement of the cruises of American superiority in the steel trade which has yet been provided for the alarmed British public and business circles.

He told his audience that Charles M. Schwab assured him the steel trust could deliver steel billets in England for \$16.50 per ton, whereas the lowest price for which British manufacturers would make them was \$19.00. Mr. Schwab also asserted that when the trust had completed certain ocean transportation arrangements now pending the American price would be still lower. In addition to this statement, Mr. Schwab called the attention of Mr. Lawrence to the fact that his steel workers get double the wages paid British workmen in the same line.

Mr. Lawrence went on to draw a striking contrast between freight charges in Great Britain and the United States, showing that the cost of carrying steel from Pittsburgh to New York was less than the cost of carrying it from Birmingham to Liverpool, though the distance between the two English cities was only one-quarter of that between the American cities named.

Having pointed out that it would be also necessary to resort to cheaper rates, Mr. Lawrence announced that, as a result of several years' study of these problems and consultation regarding them, he and Thomas Edison would shortly begin business in Norway with the idea of supplying to Great Britain cheaper ores.

The chamber of commerce adopted a resolution that Newport should levy a municipal rate to carry out the program of Lawrence and to attract new industries.

Simultaneously comes the announcement that one of the largest plate mills in Darlington has reduced wages 7 1/2 per cent on account of the low price of plates, making a total reduction of 20 per cent since January.

New York, Sept. 27.—John Mitchell, president of the United Mine Workers, said last night relative to the controversy between himself and Samuel Gompers, president of the American Federation of Labor, on one side, and President Shaffer, of the Amalgamated Association of Iron and Steel Workers, on the other:

"So President Shaffer says that he is willing to accept our challenge to go into the matter and to submit to arbitration. Well, arbitration is what Mr. Gompers and I want. But it is singular that Mr. Shaffer asks us to let him choose two of the three arbitrators. He asks us to let him choose President Burns, of the Knights of Labor, and let Mr. Burns choose the second arbitrator, while we name only

"I am surprised at Mr. Shaffer's refusal to select from the list of those men we named in our statement of yesterday. HOME AFFAIRS.

Brief Notes of a Personal Nature And
of Matters About
Town.

Son Born—A new son arrived at the home of Mr. and Mrs. George Meanough, Pleasant Heights, in time for breakfast this morning.

At Liberty Once More—William Allen, arrested for intoxication and fined yesterday morning by the mayor, secured his release from the city jail last evening. A friend paid Allen's fine.

Broadbent Much Improved.

John Broadbent, who was thought to have been fatally injured by being hit by a passenger train on the C. & P. in this city two weeks ago, is able to be out. The internal injuries which were feared failed to materialize in the form they were expected to develop, and although very weak, the young man will undoubtedly recover.

A. M. E. Church Supper.

A supper was given by the congregation of the African M. E. church last evening for the purpose of swelling the church fund and also to assist in the payment of the pastor's salary. The supper was served at the church on Grant street, and was fairly well attended. A neat sum was realized.

FRANK M. FOUTTS

Has a New Feature for Coffee Drinkers.

Bread and coffee go well together. Many people nearly live on bread and coffee for breakfast. It is necessary to use good coffee and have good bread, and when a lady takes good bread it ought to be kept in a nice place. Frank M. Foutts will provide this free to those who buy the most coffee from him on a new plan. He has large polished Bread Cans filled with the celebrated "Cafe Coffee." With every pound he sells he gives a coupon, and the person who holds the most coupons out of every box, gets the Bread Box free. Buy five or ten pounds at a time would be a good plan. The coffee is very fine and the Bread Box is a beauty. Call and see it and try "Cafe Coffee" at Frank M. Foutts, St. Clair avenue. 88-h

THE CARPENTERS' ENTERTAINMENT

Anniversary of the Union Most Enjoyably Celebrated Last Evening.

A FINE PROGRAM GIVEN

It Included Music, Oratory And Feasting And a Company of 200 Persons Were Present—Exercises Lasted Until a Late Hour.

More than 200 people were in attendance at the anniversary of the Carpenters' and Joiners' union, held in the Thompson building last evening.

The Golden Eagle hall was used for the entertainment and the program was started with a selection by Ormes' orchestra, followed by the address of welcome made by Harry Wood. The effort was a happy one and Mr. Wood's welcome was most cordial. The Nonpareil mandolin club played, Miss Clara Cope read an interesting essay and the Bradley boys' quartet rendered several selections. After Miss Mary E. Lloyd had rendered a classical piano solo, J. J. Welsend, a pioneer member of the union, was introduced.

The subject of Mr. Welsend's address was "History and Progress of Our Order." The gentleman reviewed the progress of the organization from the time of its institution, September 9, 1887, to the present. To many of those now connected with the union the early history of the society was unknown, and the speaker's remarks were especially interesting to them. A comparison was made between the feeling towards trades unions on the part of the public generally, then and now. At the time of the institution of local No. 328 it was considered almost a crime to be a member of a trades organization. It was not all clear sailing in those days, and on account of the few unions here at that time a great many obstacles were met and overcome. The speaker made it clear to his listeners that the Carpenters' and Joiners' union was the nucleus around which all the labor unions now in existence were formed. Another selection of music was rendered and Miss Decie M. Delaney read entertainingly. Mrs. Reese and Miss Nellie Lloyd rendered a duet, followed by Leroy Orr, who entertained the party with several humorous selections.

The Misses Lloyd rendered a piano duet, followed by Joseph Simpson in a solo entitled "Over the Ocean Blue." Mr. Simpson is a vocalist of rare ability, and his number was greatly enjoyed.

"Labor Organizations as Educators" was the subject of an address by D. M. McLane, president of Trades and Labor Council, and was handled in a masterly manner. Mrs. Reese followed with a vocal solo and the remainder of the time before recess was occupied with an up-to-date cake walk.

Five huge dining tables had been spread in the Brotherhood hall and here the banquet was held. The tables were laden with everything heart could wish, and the large crowd did ample justice to the good things provided.

Owing to the lateness of the hour it was impossible to carry out the program as laid out, but Mr. Orr and several others rendered selections after supper.

The affair was by far the most successful ever held by the organization and the remainder of the time was spent in dancing and social chat.

FROM A WEDDING TRIP

Mr. and Mrs. William Patterson Return And Are Given a Hearty Reception.

Mr. and Mrs. William Patterson have returned from their wedding tour at Buffalo, Niagara Falls and Canada. The Four F's club, of which Mrs. Patterson is a member, were entertained by Miss Mary Thompson at her home on Mulberry street last night, and as Mrs. Patterson was in attendance she was given a very pleasant reception. Each member of the club presented Mrs. Patterson with a handsome silver spoon.

An Improvement Appreciated.

The residents near the bridge at Dry Run are very jubilant over the electric light which has been placed at the bridge. It was lighted last night for the first time and is a great improvement.

EAST END AFFAIRS.

Mr. and Mrs. W. L. Wilson have returned from a visit at Pittsburgh.

The new residence of T. Andrews at Oakland will be completed in about two weeks.

J. B. Williams, of College street, East Liverpool, yesterday moved his household goods to St. George street.

Iphi Calvin, who had his right ankle broken at the turn table in Wells-ville about three weeks ago, is able to be around with the aid of crutches.

Ordered to Make a Deed.

Lisbon, Sept. 27.—(Special)—Fred B. Lodge, administrator of the estate of the late William Flickinger, of Columbiana, has been ordered by Judge Boone to make a deed to Jacob Basinger of property in Columbiana recently purchased by him from Flickinger's estate.

FLOWER AND TREE.

Plants cannot live if deprived of their leaves.

Tea plants at the age of 7 years yield 700 pounds of tea to the acre. The date palm requires a hot, dry air, but moisture about the roots and plenty of it.

Palmus never live more than 250 years. Ivy has been known to live 450, chestnut 800, oak 1,000 and yew 2,880.

An oak tree of average size, with 700,000 leaves, lifts from the earth about 123 tons of water during the five months it is in leaf.

Jasmine is an Indian shrub. Its starchy, wax white blossoms are indescribably sweet. All the burning pain and passion and pathos and mystery of the Hindoo race seem to rise up to you in its breath.

There is a rose tree with a trunk 2 feet 9 inches in circumference in a Ventura garden in California. It is a Lamarque, has been growing a quarter of a century and yielded over 21,000 blooms in 1895.
